Maps Available	Price	Qty	Maps Available	Price	Qty
1) “California Power Plants - Statewide Map” Statewide map showing all operational Power Plants 100KW (.1MW) and above. Plants are identified by fuel type but are not individually named.	\$30.00		7) “California Electric Transmission - Statewide Map” Statewide map showing the electric transmission system with 500 - 34 kV overhead and underground lines. Transmission lines are identified by owner and kV type. Substations are shown by owner but are not individually named.	\$30.00	
2) “California Power Plants - Upper, Middle, Lower and Enlargement Area Map” A four-part map set of upper, middle, and lower California including an Enlargement Area map showing congested power plant areas in closer detail. Plants are identified by fuel type and by name. Accompanying the map is a Power Plant database printout listing fuel type, on-line date, utility service area, plant address & phone number and plant operator/owner address & phone number.	\$200.00		8) “California Electric Transmission System - Upper, Middle, Lower and Enlargement Area Map” A four-part map set of upper, middle, and lower California including an Enlargement Area map showing congested transmission areas in closer detail. Transmission lines are identified by owner and kV type. Substations are shown by owner and named. Accompanying the map is a substation database printout listing facility name, owner and county.	\$200.00	
3) Individual Power Plant Maps The individual maps from the four-part Power Plant set are available for ordering separately. Plants are identified by fuel type and by name. <i>* The Enlargement Area map is included when purchasing the Upper, Middle or Lower maps</i> or it can be ordered individually. Accompanying the map is a printout of the Power Plant database. <input type="checkbox"/> Upper California <input type="checkbox"/> Middle California <input type="checkbox"/> Lower California <input type="checkbox"/> Enlargement Areas	\$75.00 (Each) Upper Middle Lower * Enlarge		9) Individual Transmission Line Maps The individual maps from the four-part Transmission Line set are available for ordering separately. Transmission lines are identified by owner and kV type. Substations are shown by owner and named. <i>* The Enlargement Area map is included when purchasing the Upper, Middle or Lower maps</i> or it can be ordered individually. Accompanying the map is a printout of the substation database. <input type="checkbox"/> Upper California <input type="checkbox"/> Middle California <input type="checkbox"/> Lower California <input type="checkbox"/> Enlargement Areas	\$75.00 (Each) Upper Middle Lower * Enlarge	
4) “Electric Generation Facilities and Sites Reviewed by the California Energy Commission” Map showing Power Plants, Transmission Lines, and Pipeline Facilities that were Built, Approved/Not Built, In Review, Withdrawn or Denied by the California Energy Commission. Also shown are Potential Projects for California Energy Commission's review. Projects are named and shown by project type.	\$30.00		10) “California's Electric Utility Service Areas” Depicts California's electric utility service areas. Accompanying the map is a database printout listing company name, address phone number and contact person.	\$30.00	
5) “California's Building Standards Climate Zones - Statewide Map” Statewide map outlining California's sixteen separate climate regions that affect building energy use for heating and cooling.	\$30.00		11) Special Order Maps - Transmission, Power Plant or other For special order customized maps call: (916) 654-4182	Prices start at \$75.00	
6) “California's Pipelines - Statewide Map” Statewide map showing major pipelines. Pipelines are identified by owner and pipe size diameter.	\$30.00				
All maps are in color and 36" X 48" in size and show county lines, major roads and major cities.			All maps are in color and 36" X 48" in size and show county lines, major roads and major cities.
